Professional Experience

Software Testing Trainee – Manual, Selenium & Playwright Automation **Aug 2026 – Present**
QEdge Technologies — Hyderabad

- Applied SDLC, STLC, test case design, and regression testing; logged defects in Jira.
- Automated web UI testing using Selenium WebDriver with Java and the Page Object Model; used Maven and TestNG for execution and reporting.
- Automated browser workflows using Playwright (TypeScript) with locators, auto-waiting, and web-first assertions; debugged failures via traces and reports.
- Executed REST API testing using Postman and SQL/PostgreSQL database testing.

Projects

CollabConnect — Java, TypeScript, REST APIs, Postman, PostgreSQL **Jun 2026**

- Designed 40+ test scenarios for REST APIs covering authentication, search, and CRUD operations.
- Executed functional and negative API testing in Postman, validating responses, status codes, and errors.
- Performed SQL and PostgreSQL database testing to verify data integrity. Project Repository (GitHub)

E-Commerce Application — Manual, Selenium, Playwright Automation **Aug 2026**

- Designed 60+ test cases for login, search, cart, and checkout flows, mapped via RTM.
- Automated 15+ regression scenarios using Java, Selenium, TestNG, and POM to reduce regression time.
- Performed Postman API and SQL validation; tracked 20+ defects in Jira.
- Automated login and checkout flows using Playwright (TypeScript) with Page Object Model.
